

REPAIR SERVICE!

COST LIMITS

The following overview shows the tool types and the respective **cost limits** which may be incurred as a maximum for a repair **with effect from 15 January 2020**. You will no longer have to pay any more than the amount shown for any tool repair, with immediate effect. Tool repairs that would be a total loss beyond economical repair and can no longer be fixed are excluded from the provision regarding cost limits. In this case, we will contact you to send you a quotation for a new tool.
